The Purpose of this collaboration is to support our children and youth by providing a safe and positive place for them to grow and discover the greatness in each of them.

We Rise mobilizes parents, legislators, school officials, and community stakeholders in a unified effort to provide all resources and services needed to combat the school-to-prison pipeline as well as other obstacles and negative forces that would thwart our children's path to Greatness.

Our Mission is to respond to both the community and human needs of our children and families by providing caring service and resources.

We Rise Inkster Collaborative
